PRESIDENT'S REPORT

In the last newsletter I mentioned the matter of the interests of members outside of Sydney. These were not idle words. Your committee has already discussed the issues involved and a number of ideas have been canvassed.

Some of the ideas include:

- Forwarding Minutes of the Committee's meetings to the Local Chapters.
- Inviting Members of the Fellowship in centres not served by Chapters to nominate a Local Contact. They too could be issued with the Minutes. Any

new members could be advised of the name of the Local Contact. Hopefully this Local Contact arrangement could develop into more Chapters.

- Invite Ancestral Groups (of particular First Fleeters) to nominate a Family Contact. Any new members who belong to a particular Ancestor would be referred to the Family Contact. In the event that there is more than one Ancestral Group with a number of contacts, then all the Contacts would be advised to the new members.

Your committee is most sensitive to any idea of the Fellowship being seen only as a

Sydney organisation. We are not that. Rather, our Constitution is nationally based and indeed we have a number of overseas members too.

We have some of our own ideas to start with but your Committee needs to hear your views too. We need to improve on communications and we need greater membership involvement with the activities of the Fellowship. Let me know if you have any other ideas, please.

YOURS IN FELLOWSHIP
JAMES HUGH DONOHUE.

- (c) *To ensure that the country's National Day, (26th January, each year), is celebrated in a manner and on a scale befitting the important event.*
- (d) *To encourage Australian patriotism and to strengthen the bonds of loyalty by all people living in Australia, irrespective of their birthplace or origin, creed or party, and to welcome and extend hospitality to migrants and visitors from overseas.*
- (e) *To support and encourage where possible Australian Art in all forms.*
- (f) *To do any, and all of those things which are in the opinion of the Fellowship considered beneficial to it, and of the future benefit and well being of the Fellowship and the nation generally.*

FROM THE MAILBOX

3-1-1990

I was pleased to see that Kath Lenthall (#666) had obtained some of the early records for Ellen Redchester (First Fleeter) from Aldborough in Yorkshire. Let me also add some new information. Although we are used to using Ellen Redchester or later Frazer as her name, her real name was in fact Ellen Register. The parish record of her baptism is the phonetic spelling of the actual name. We know (because she signed her marriage registration by a mark) that she was illiterate as a young adult so that she had no way of knowing of or correcting the errors in the records.

I have been developing a detailed picture of Ellen's family and the village and can add some more details of family events such as: "Ellen daughter of Robert Register of Aldborough baptised, November 16th, 1764" and her parents marriage "Banns of marriage between Robert Register and Dorothy Simpson were published on the 15th, 22nd, 29th November 1761. "The said Robert Register of this Parish and Dorothy Simpson of the same Parish were married in the Church by Banns this first day of December 1761 by me Thomas Eglin, Curate. In the Presence of Mathew Harrison, John Hearwood. This marriage was solominized between us Robert (X) Register Dorothy (X) Simpson". (Bishops Transcripts). Ellen's mother was also baptised in the church (June 10, 1733), as were at least two of her siblings, Mary Ann Register (April 4, 1766), and Richard Register (June 22, 1771). Incidentally the Simpson family lived in the village for at least two centuries prior to Ellen's birth.

The Village of Aldborough (meaning ancient fortified place) is a truly exceptional place. The modern village is within the walls of a Roman town (Isurium) - the most northerly civilian settlement in all of the Roman Empire! The area has had continuous human habitation from at least 2,000 BC making it one of the longest continuously occupied districts in the UK. By some very strange coincidence it is also one of the best documented so that a detailed historical study is possible.

I have been working on assembling a family tree for publication. I would invite any family member who wishes to be included to write directly to me. The "Monster" as I call it now runs to about 500 pages but thanks to the

wonders of desktop publishing I will be able to easily add more people. The first printing of the tree will be in March, and copies will be sent to the Fellowship of First Fleeters, RAHS, Genealogical Society, etc. Individuals will also be able to purchase copies, at cost, from me. My aim is to provide a source document for family members doing research and perhaps an easy way to exchange information and research leads.

A bas relief of H.M.S. Sirius has been mounted on a gigantic rock at Mosman Bay. The sculptor, Alex Koloszy a Transylvanian-born Hungarian is a highly acclaimed figurative sculptor in bronze, cool caste bronze and resin whose pride is the Pioneer Woman in Loftus St. Circular Quay. This work was

commissioned by the "Womens Pioneer Society".

The bas relief of the Sirius was unveiled at Mosman Bay, June 18th last at the celebrations to mark the 200 years since The Flagship to the First Fleet, H.M.S. Sirius, was careened there in 1789.

I'm sure F.F.F. members would find a trip to Mosman Bay worthwhile.

A MOMENT OF VERSE

POOR BUT BLESSED, IN THE OLD DAYS

*We met and we married a long time ago,
We worked for long hours when wages were low,
No T.V., no wireless, no bath, times were hard,
Just a cold water tap and a walk in the yard,
No holiday abroad, no carpets on floors,
We had coal on the fire and we didn't lock doors.*

*Our children arrived, no pill in those days,
And we brought them up without any State Aid,
They were safe going out to play in the park,
And old folk could go for a walk in the dark,
No valium, no drugs and no L.S.D.,
We cured most of our ills with a good cup of tea,
No vandals, no muggings, there was nothing to rob,
We felt we were rich with a couple of bob,
People were happy in those far off days,
Kinder and caring in so many ways,
Milko and paper boy would whistle and sing,
A night at the pictures was our one mad fling,
We all got our share of troubles and strife,
We just had to face it - that's the pattern of life,
Now I'm alone and look back through the years,
I don't think of the bad times, troubles and tears,
I remember the blessings, our home and our love,
And that we shared them together, I thank God above.*
